

Growing The Extra Mile To Enhance
GROWTH MOMENTUM

Laporan Tahunan 2017 Annual Report

“

Masa depan industri pengelolaan gas Indonesia masih cerah dan menggairahkan mengingat menipisnya sumber daya energi khususnya minyak dan batubara. Dan untuk menggambarkan kondisi tersebut, maka Laporan Tahunan 2017 kali ini mengangkat tema “**Growing the Extra Mile to Enhance Growth Momentum**”. Melihat kondisi-kondisi tersebut, prospek dan potensi untuk mengembangkan industri pengelolaan gas masih sangat terbuka di Indonesia.

The future of Indonesia's gas processing industry is still bright and exciting considering the depletion of energy resources especially oil and coal.

*And to illustrate condition, this 2017 Annual Report entitled “**Growing the Extra Mile to Enhance Growth Momentum**”. Based on these conditions, the prospect and potential for developing gas processing industry remains very attractive in Indonesia.*
